

SEC and Company Research Made Easy

Easily research SEC filing and company information with EDGAR Access. It's the affordably-priced, perfect solution for individuals who need to perform SEC filings searches and company analysis or track company SEC submissions. EDGAR Access provides company information, initial public offerings deal data, and SEC filings using advanced searching tools. Stay on top of the companies you track with real-time email alerts.

Easily create, customize and share personalized views of company data and search results using dashboards.

SEC Filings

Perform sophisticated searches with EDGAR Access, for text, phrases and keywords. Scan hundreds of filings in seconds. Get real-time and historic filings since 1994 – up to 25 filings a month – including annual and quarterly reports, proxy statements, current event (8-K) filings, foreign companies and mutual funds.

Company Research

Create a watch list of up to 25 companies and be alerted to new SEC filing events. Email alerts are easy to use and contain quick links to the latest filings, quotes, charts and more. Pertinent summary information is aggregated on one page, allowing you to drill down into specific details including significant SEC filings, company news, industry information, stock information and company people.

The screenshot shows the EDGAR Access interface for MICROSOFT CORP (MSFT). It displays a summary of the company's stock performance, including the last trade price of \$28.65, a change of 0.310 (1.09%), and a volume of 16,196,639. A table of recent filings is visible, listing various forms such as 10-Q, 8-K, and DEF 14A, along with their respective dates and filing times.

The screenshot shows the EDGAR Access search interface. It features a search bar with a 'Search' button and a 'Save Alert' button. Below the search bar, there are several filter options, including 'Form Type', 'Form Group', 'Full Text Search (beta)', 'Market Segment', and 'Time Period'. The interface is designed to allow users to refine their search results based on these criteria.
